

It will be 6 years in May 2011 since Fordoun made the leap of faith in transforming from one of South Africa's leading dairy farms to a 5-star Boutique Hotel Spa. The transformation has been a great success and Fordoun not only finds itself fully booked for most weekends but has also scooped many national awards, putting it up there with many of South Africa's top Destination Spas.

As Fordoun is so leisure orientated they have begun to focus a lot on the conferencing side of things in order to help stimulate their midweek business. At the moment they average 4 conferences a month, with a large number of companies using them on a repeat basis.

This tranquil conference venue is ideal for smaller managerial conferences. The conference room can accommodate up to 60 delegates cinema style, or 34 delegates boardroom style. Fordoun's popularity is largely due to the service the group will receive; with smaller groups, individual and group requests can be afforded specific attention.

Just over an hour from Durban and a mere half an hour from Pietermaritzburg, Fordoun offers delegates an accessible venue that delivers great food and service, with facilities that will help add value to any conference.

For enquiries, phone 033 2666217.

Very well priced at R990 per person sharing, R1260 per person for accommodation, all meals, tea and coffee breaks as well as the Spa Facilities (pools, gymnasium, sauna and steam room).
